The S.A.C.'s Regional Writers Group Program is designed to provide members who live in all areas of the country with a series of specific songwriting lessons and a network of fellow writers, lyricists and composers. The program is designed to keep members informed about issues and changes in the music industry, while establishing unity among songwriters everywhere.

The Victoria Regional Writer's Group strives to provide its members with the opportunity to foster creative and professional connections with other songwriters, to assist members in honing their craft through facilitated exercises, to provide members with the opportunity to receive feedback on their work and to create an atmosphere that is welcoming to songwriters from all genres and with all levels of ability and experience. From the hobbyist to the professional, the Victoria RWG encourages all of its members to reach for higher and deeper levels of creativity and expression through the craft of songwriting.
